Management of Change (QIP / Audits)

I have been involved in 12 audits, where I devised, created and implemented the work.

Key audits include:

- Neonatal Staff Survey. Department of Neonatal, BMA Hospital. December 2012-January 2013
 - Devised and conducted an online survey for staff on neonatal wards and clinics, asking about working environment and practice and asking for suggestions for change
 - Results from survey discussed with departmental leads to aim to improve the service
 - Provision made to have survey repeated on a six-monthly basis.
- Documentation audit, Oct 2007 & Sept 2008
 - Conducted an audit to monitor accuracy of documentation, in Paediatric inpatient notes. The results of this was presented at clinical audit meetings.

Teaching (formal v informal)

During specialty years I have taught junior doctors and students both at bedside & in tutorial sessions. These have included; one-to-one, practical on ward and small classroom based formats.

Key highlights:

Ongoing	Medicine and Surgery lecturer	Ask Doctor Clarke revision courses
Ongoing	Formal teaching sessions for medical students	BMA Hospital
2012	Teaching within Medicine training day	BMA Trust
2007-2011	Mentor for junior doctors	BMA Medical School
2007	OSCE Examiner – MBBS exams	BMA Medical School

Interests

- Fluent in French, German and Italian
- Currently training for the London Marathon
- Mentoring medical students in my spare time
